

MAGIC APC

Application and Specifications

Product Information

Nasiol Magic APC is ready to use cleaner, capable of removing all kinds of unwanted dirt for interior parts of vehicles.

Instructions

- It is recommended to try on a small area before applying the entire surface.
- Before use shake the bottle very well. Spray the product on the dirty area and wait for five to ten seconds. This time can be extended up to 5 minutes for more stubborn stains.
- Then wipe with a microfiber cloth. You can use a sponge or brush to remove hardened dirt.

Application Tips

Before use shake the bottle very well. After spraying, surfaces should be cleaned with microfiber cloth and rinsed well.
